

# Detect, protect and patrol from perimeter to critical core.

In partnership with

(585)436-1850

Axis thermal cameras

AXIS Perimeter Defender

Radar detection

Axis PTZ cameras

AXIS C3003-E Network Horn Speaker

Axis access control

Incidents in critical facilities such as power plants, oil rigs or mines can lead to production disruption and safety hazards. Protecting from intrusion can help make sure your facility runs as smooth as possible.
